## FROM THE CORPORATE GAMES DIRECTOR

Dear Executives, Business Owners and Wellness Coordinators,

The City of Ventura is proud to host the Ventura Corporate Games for the 28th year in 2017!

Every spring approximately 80 SoCal companies of all sizes engage up to 10,000 of their employees in six weeks of friendly business-to-business team sports competitions.

Opening & Closing Ceremonies are even bigger events--open to family, friends and the entire community.

The Corporate Games are THE fun way to build your staff's team spirit.

They also make a lasting investment in your company's most important resource...your people.

Won't you join us this year and give your employees the benefits of improved fitness, productivity and unity?

I'd like to address two concerns I received from you during our annual survey.

How is a company's size determined? Divisions are set up so that companies of similar size compete against each other. Some large national organizations have only a small office locally so they are classified in the smaller B or C divisions.

Weekend schedules are too busy. This year's schedule will provide more time between events on weekends and limit overlap to help smaller companies with fewer players compete.

Feel free to contact me regarding company registration, sponsor benefits or other questions regarding the Corporate Games. And check out our great website at [www.venturacorporategames.org](http://www.venturacorporategames.org).

Whether your company is new to "the Games" or a returning "veteran," I hope to see you at the 2017 Corporate Games—"Play for the Fun of It!"

# MEDALS & TROPHIES

## MEDALS

First, second and third place finishers in each event receive gold, silver and bronze medals.

## OVERALL TEAM TROPHY + POINTS

One trophy per division (A/AA, B, C, D) will be presented to the company that accumulates the most total points earned for all their selected sports. A company earns the following points for first through fifth place for each sport or activity:

- 8 points for 1st place
- 6 points for 2nd place
- 4 points for 3rd place
- 2 points for 4th place
- 1 point for 5th place and participation

For example, a "D" company would earn 64 points if its teams placed first in 8 sports/events (8x8=64).

For sports requiring more than one play date or session, teams earn these temporary points per session:

- 5 points for 1st place
- 4 points for 2nd place
- 3 points for 3rd place
- 2 points for 4th place

All session points are added together to determine an overall winner for that sport. For example, Team A wins one 1st and two 3rd places over three play dates or sessions to earn 5+3+3 or 11 placement points.
