MEDALS, POINTS & TROPHIES

MEDALS

First, second and third place finishers in each event receive Gold, Silver and Bronze Medals.

TEMPORARY PLACEMENT POINTS

For sports requiring more than one play date or session, teams earn these temporary points per session:

- 5 points for 1st place
- 4 points for 2nd place
- 3 points for 3rd place
- 2 points for 4th place
- 0 points for 5th place and lower

All session points are added together to determine an overall winner for that sport. For example, Team A wins one 1st and two 3rd places over three play dates or sessions to earn 5+3+3 or 11 placement points.

TROPHIES

To qualify for a division trophy, each company must enter a team during Closing Ceremonies for Tug-O-War, the ultimate teambuilding event that requires every member to pull together for a common cause (shoes or sandals and picture ID required). One trophy per division (A/AA, B, C, D) is then presented to the company whose many teams collectively earn the most points as “the overall winner” for each sport:

- 8 points for 1st place
- 6 points for 2nd place
- 4 points for 3rd place
- 2 points for 4th place
- 1 points for 5th place and participation

For example, a “D” company earns 64 points if its teams place first in 8 sports/events (8x8=64).

TIEBREAKER RULES

If teams are tied in placement points the following rules will apply:

1. Head-to-head competition within the event
2. Number of games/matches played before elimination
3. Points scored for and against within the event
4. Flip and coin

8. Individual medals awarded for 1st, 2nd and 3rd place finishers in each division.

CORPORATE GAMES 2017

BILLIARDS / EIGHTBALL

1. Teams will consist of (1) Male and (1) Female player. Matches will consist of a race to 3 games or 50-minutes, whichever comes first. If the match is tied at the 50 minutes, count the number of balls on the table and the team with the least number of balls will be determined the winner. If the match is tied and both players have equal number of balls on the table, the match will be considered a draw. If a match is determined to be a draw, teams will flip for the break and each player will be given a turn to shoot. Number of balls left on the table will determine a winner. Players must MARK the intended pocket of the 8-ball before shooting it.

2. One team must pocket balls of the group numbered 1 through 7, while the other side has 9 through 15. The team pocketing their group of balls first, and then legally pocketing the 8-ball, wins the game. Players will continue to shoot until he/she misses or a foul occurs.

3. The winner of the coin toss or lag may choose to break or rack the balls. To be a legal break: A) a ball must be made or, B) 4 balls must hit a rail. All balls pocketed on the break remain pocketed. If a team makes the 8-ball on the break and the cue ball does not scratch or jump the table, it wins the game.

4. Choice is determined if a ball from only one group is pocketed on the break shot. If balls from both groups are pocketed, the choice remains open until a player legally pockets another ball during his turn at the table. On all shots, a player must strike one of his group balls first and pocket an object ball. NOTE: It is okay to bank the cue ball before hitting the object ball, however after hitting

the object ball, a ball must be made or contact a rail.

5. The following result in fouls: A) striking any ball off the table or the cue ball into a pocket, B) moving or touching any ball by means other than legal play, C) shooting with no feet touching the floor, D) coaching or advising a player who is shooting at the time, and E) Deliberately stalling the progress of the game. Foul Penalty: Player on opposing team gets ball in hand. This means that player can place the cue ball anywhere on the table.

6. When a player has the 8-ball as his object ball, he/she is required to MARK the intended pocket before the shot, hit the 8-ball first, and then: A) pocket the 8 ball, or B) cause the 8-ball or the cue ball to contact a cushion. If a player fails to either hit the 8-ball or cause the 8-ball or cue to contact a cushion, it is a foul. A loss results if one of the following occurs: A) team makes the 8-Ball in a pocket other than the one marked, B) team makes the 8-Ball when it's not the legal object ball (Except rule #3), C) team jumps 8-ball or any ball off the table when shooting the 8-Ball, and D) Pocketing the 8-ball and cue ball on the same shot.

7. Team scores, and overall points for the standings, will be determined by calculating points for 1st - 4th place in Eight Ball and Nine Ball.

8. Players must show proper identification at this event to be eligible to play. Individual medals awarded for 1st, 2nd and 3rd place finishers in each division.

CORPORATE GAMES 2017

BILLIARDS / NINE BALL

1. Teams will consist of 1 player playing a single elimination tournament. Player must be 21 years or older to participate. Matches will consist of a race to 4 games or 50 minutes, whichever comes first.

2. On each shot the first ball the cue ball contacts must be the lowest-numbered ball on the table, but balls need not be pocketed in order. If a player pockets any ball on a legal shot, the player remains at the table for another shot, and continues until he/she misses, fouls or wins the game by pocketing the 9-ball. After a miss, the incoming player must shoot from the position left by the previous player, but after any foul the incoming player may start with the cue ball anywhere on the table.

3. The balls are racked in a diamond shape, with the 1-ball at the top of the diamond and on the foot spot, the nine ball in the center of the diamond, and the other balls in random order, racked as tightly as possible.

4. The game begins when the breaker strikes the 1-ball and either pocket a ball or drives at least four balls to the rail. If the cue ball is pocketed, it is a foul, and the incoming player has the cue ball in hand anywhere on the table. If, on the break shot, the breaker causes an object ball to jump off the table, it is a foul and the incoming player has the cue ball in hand

anywhere on the table. The object ball is not re-spotted (exception: if the object ball is the 9-ball).

5. Balls are not re-spotted when a player commits a foul. The incoming player is awarded ball-in-hand anywhere on the table. A foul results if one of the following occurs: A) The first ball contacted by the cue is not the lowest numbered ball on the table, B) No ball is pocketed and failure to drive the cue ball or any numbered ball to the rail after the cue ball contacts the object ball, C) Object ball driven off the table and, D) If during an attempt to jump, curve or masse' the cue ball around an impending numbered ball and the impending ball moves, it is a foul.

6. The game ends on a legal shot in which the player legally pockets the 9-ball. Team scores will be determined by calculating 1st – 5th place in both 8-ball and 9-ball events.

7. Team scores, and overall points for the standings, will be determined by calculating points for 1st - 4th place in Eight Ball and Nine Ball.

8. Proper identification is required at this event.

9. Individual medals awarded for 1st, 2nd and 3rd place finishers in each division.

CORPORATE GAMES 2017

BOCCE BALL TOURNAMENT

1. Teams will consist of 4 players on each side. Teams may play with fewer than four people, however the places in the rotation will be skipped for every person missing. Playing rotation must be maintained throughout the game.
2. Teams must check-in at least 30 minutes before their first scheduled match. Players must show proper identification to be eligible to participate.
3. Tournament brackets will be developed prior to the start of the tournament. Teams must follow the format established by the City of Ventura. Games will be played to 14 points or 15 minutes whichever comes first. Medal Round matches will be played to 14 points or 20 minutes, whichever comes first. Stalling is not permitted and will be considered as unsportsmanlike and teams will be disqualified for unsportsmanlike conduct.
4. If a team is not present within 5-minutes of the start of the match, game will be forfeited and winning team moves on. If team arrives at court after match has begun, but within 5-minute grace period, team arriving late will be penalized 5-points. Tournament Directors decisions are final.
5. Scoring is done after both teams throw all bocce balls. One point is awarded each ball that is closest to the pallina and inside of any opponents' ball. Therefore, at least 1 and as many as 4 points may be awarded to a team in each frame. Points are determined at each court by players. If players cannot determine point, contact tournament Director and a volunteer help adjudicate. Volunteers' decisions are final.
6. The first player throws the pallina into the opponent's court. That player also rolls the first bocce ball. The idea is to get as close to the pallina as possible. Once the pallina and first Bocce Ball is thrown, teams alternate throws, until each person has thrown and the appropriate numbers of balls are tossed.
7. Remember if playing with less than 4 players, team will have fewer balls to get closer to the pallina. Director decisions are final. Unsportsmanlike conduct will not be tolerated.

SPEED SCRABBLE / Table Games

This is a new way to play Scrabble! Speed Scrabble is a fun new take on the traditional board game. You will need the Scrabble letter pieces, but not the Scrabble board.

1. There are no teams in this form of Scrabble; each person is on his or her own team. The best way to play this game is with 3 to 7 people.
2. Each person begins with seven Scrabble tiles placed letter-side down in front of him or her.
3. Place the remainder of the Scrabble tiles in the center of the round table, letter side down.
4. Clear an area in front of each player on the table in front of them (be sure to clear enough room to complete your puzzle—this will be where your puzzle is formed).
5. To begin the game, one player will say “On your mark, Get set, Go,” at which time all of the players will flip their seven pieces over and begin to form a word with the letters they have.
6. Once one word is created, you may begin to play off of that word, as if using a scrabble board (follow the rules of Scrabble pertaining to horizontal and vertical word arrangements).
7. Don’t forget that the point of this game is to connect your letters to make words in the timeliest manner possible.
8. Once someone has used all of their letters they will shout “take one” and everyone must draw one tile from the center pile of upside-down game pieces.
9. Every player must draw one tile, and they may not switch the tiles that they picked for a different one. They must draw new pieces even if they have not used their own pieces yet (this is what makes players get backed up and frantic). They cannot trade tiles with other players!
10. The game proceeds in this manner until the pieces in the center of the table are gone or until there are not enough left for everyone to draw from.
11. At this time, when the first person has used up all of their game pieces and there are no more to draw, the game is over. Each player adds up their points based on their personal Scrabble board and also adds up the point value of their remaining tiles. The point value of a player's remaining unused tiles is subtracted from the points based on that player's personal Scrabble board. The player with the highest point total (personal Scrabble board value—player's remaining tiles value) is the winner.

CORPORATE GAMES 2017

SPADES TOURNAMENT / Table Games

1. Teams will consist of 2 players competing in a single elimination tournament. Games will be played to 200 points or 20 minutes, whichever comes first.
2. Using a standard poker deck, with jokers, the object of the game is to take the number of tricks bid. The fancy joker is the highest trump, in the spade suite. The “other” joker is the second highest trump, in the spade suite.
3. Thirteen cards are dealt to each player. The two of hearts and the two of diamonds are removed from the deck. A player must have one or more spades in his/her hand or the hand will be thrown in and re-dealt by the dealer.
4. Each player bids the number of tricks they think they can take, beginning with the person to the left of the dealer. Bidding then progresses around the table. There are no “Minimum bids” per team. No re-bids after each player has bid their hand and team bids have been determined.
5. The person to the left of the dealer leads. The suit led is the suit that must be played. If a player reneges, that is, plays another suit other than the one led, that team will automatically lose their bid against their score and the opposing team will add their bid to their score. Spades cannot be led until they’re broken.
6. Each trick bid taken will receive 10 points. If you bid 6 and take 6, you get 60 points. If you bid 6 and take 5, you deduct 60 points from your score.
7. Sandbagging Rule: Any trick taken over bid deducts 10 points from the score; e.g.; if you bid 6 and take 8, your score is 40 points.
8. Team scores, and overall points for the standings, will be determined by calculating points for 1st - 4th place in Spades, Dominoes and Texas Hold’ em.
