## General Plan Annual Growth Report

In 2011, at the end of the General Plan's short-term implementation period, Community Development began reporting on the progress made toward "Our Well Planned and Designed Community" as defined by the General Plan Growth Strategy. This report presents the annual view of the cumulative growth implemented by the General Plan. This information is reported in the same format the City Council is accustomed to receiving it, except this year in memorandum rather than a hearing presentation in order to focus the City Council attention on the General Plan Refinement effort at the July 25, 2016 meeting.

### 2005 General Plan Growth Assumptions

The districts, corridors, and neighborhood centers represented by the *Infill First Strategy* are areas where opportunities for *Infill First* development are targeted by the 2005 General Plan which would result in a .88% per year growth rate in population. However, in order to initially arrive at a preferred policy growth rate, the total carrying capacity of the land was determined as shown in Table 3-1 of the General Plan (Attachment A). Of the 1,099 acre project area, the total carrying capacity based on the land use designations of the 2005 General Plan was calculated to be 29,910 dwelling units and 57,869,859 square feet of non-residential development (retail, office, industrial, and hotel) at total build-out of the land.

Applying the anticipated .88% growth rate commensurate with the *Infill First* scenario adopted in the 2005 General Plan (as compared to the 1.17% rate in the previous Comprehensive Plan) resulted in the Predicted Development Intensity & Patterns reflected in Table 3-2 of the 2005 General Plan (Attachment B). Overall, at .88% per year growth, the City was predicted to develop by the year 2025:

Land Use	Dwelling Units	Square Feet
<i>Residential</i>	8,318	
<i>Retail</i>		1,241,377
<i>Office</i>		1,213,208
<i>Industrial</i>		2,235,133
<i>Hotel</i>		530,000

*Intensification/Reuse Strategy Status*

As we cross the eleventh year milestone of implementation of the 2005 General Plan, Community Development has taken stock of progress to date in development and policy implementation that has occurred under direction of the Intensification/Reuse Strategy. The 2005-2015 Development Entitlement Report (Attachment C) shows approvals as they are distributed in various neighborhoods, districts, corridors, and neighborhood centers throughout the city.

*Cumulative Growth Analysis*

Building permit and entitlement data from 2005 through 2015 shows approval of projects totaling the following amount of development citywide:

**Table 2: 2005 - 2015 Project Approvals (Approved, Under Construction and Built)**

<b>Land Use</b>	<b>Dwelling Units</b>	<b>Square Feet</b>	<b>% Predicted Dev.</b>
<b>Residential</b>	<b>3,594</b>		<b>43%</b>
<b>Retail</b>		<b>190,700</b>	<b>15%</b>
<b>Office</b>		<b>85,964</b>	<b>7%</b>
<b>Industrial</b>		<b>599,187</b>	<b>27%</b>
<b>Hotel</b>		<b>93,000</b>	<b>16%</b>

Overall, the Infill First Strategy of the 2005 General Plan is implemented thus far at 43% for residential; 15% for retail; 7% for office; 27% for industrial; and 16% for hotel uses. In the past year, housing approvals represent a new overall increase of 422 new dwelling units and 20 second units citywide. While retail, office and hotel uses remain largely unchanged, a 31,746 square foot net decrease has occurred in industrial uses due to project entitlement expirations.

Of the predicted General Plan development that has proceeded to construction, 16% of residential, 9% of retail, 6% of office, 15% of industrial and no hotel approvals have actually been built or are under construction:

**Table 3: 2005 - 2015 Project Construction (Built and Under Construction)**

<b>Residential</b>	<b>1,330</b>		<b>16%</b>
<b>Retail</b>		<b>108,558</b>	<b>9%</b>
<b>Office</b>		<b>71,709</b>	<b>6%</b>
<b>Industrial</b>		<b>334,733</b>	<b>15%</b>
<b>Hotel</b>		<b>0</b>	<b>0%</b>

Of the predicted General Plan development, approved entitlements that have expired and will not be built include 3% of residential, 10% of retail, 3% of office, 5% of industrial and 39% of hotel predicted development:

## **Housing Element Annual Report**

Government Code Section 65400 establishes the requirement that each city or county agency prepare an annual report on the status of the housing element of its general plan and progress in its implementation, progress in meeting its share of regional housing needs at all income levels (often referred to as "RHNA"), and local efforts to remove governmental constraints to maintenance, improvement, and development of housing. All jurisdictions including charter cities must submit annual reports in those cases where submittal is required for certain funding programs. The City of Ventura Annual 5th Cycle Housing Element Progress Report is attached herein as Attachment D.

Housing units are for very-low income/workforce (including farm worker) housing.</p>
<p>21. Affordable Housing Program	Pro-actively advertise the updated Program through creation of a brochure geared towards developers, and the addition of information on the City's website by December 2014, after which the City will monitor and respond as necessary if State density bonus law is updated.	Create brochure by December 2014, then monitor State density bonus law updates	In 2015, the City amended the affordability documents for the Inclusionary Housing Program. 29. Reasonable Accommodation	Continue to enforce the City's Building Code, which incorporates accessibility standards contained in Title 24 of the California Administrative Code, to ensure full compliance with reasonable accommodation procedures of the Fair Housing Act. The City will also continue to implement its existing procedure to process reasonable accommodation request through its Community Development Department.	Ongoing	City continues to comply with State and Federal law in facilitating reasonable accommodation; the State accessibility code for housing provides for reasonable accommodation. CD webpage contains information, process and application form to seek accommodation by the CD Director in development projects.
